ASTORIA'S LEADING GROCERS.

TERSE TALES OF THE TOWN.

The very best board to be obtained in the city is at "The Occident Hotel." Rates very reasonable.

Water Notice.—Consumers of city water will be compelled to pay the delinquency of 25 cents on their rate, if the same is not paid on the 10th day of the month.

Hot Campaign Stuff.—For the bruises and hurts of election day or any other day, use Atwood's Electric Oil, the best liniment, for sale at Frank Hart's drug store, opposite Ford & Stokes.

Using Lots of Water.—The water superintendent reports that the city is now using almost 3,000,000 gallons of water every twenty-four hours. The flow into the reservoir at present is 4,000,000 gallons in twenty-four hours. He also states that he has completed the cleaning of reservoir No. 2.

Successful Musical.—Mrs. Ferguson's Sunday school class last night gave a very successful musical in the First M. E. Church, and in spite of the stormy weather there was a good attendance. The program was most interesting and asked hearty praise for those who assisted.

Astoria Souvenirs at Svenson's.

Making Good Progress.—County Assessor T. S. Cornelius is making excellent progress on the new assessment rolls, having worked up the land books all save the computations, and is now at work upon the lot-and-block books and fully intends to make a time record on getting out the full complement of books with which he is charged.

Old Pioneer.—Nathan Kimball who died in Astoria Thursday evening, was one of this county's earliest settlers having lived here for the past thirty years. He was a native of Indiana, having been born in 1835. In 1847 he crossed the plains with his father, and was one of the few survivors of the Whitman massacre. His father was killed at this time. After the massacre, the deceased came from Walla Walla to this city and has resided here ever since. By trade he was a carpenter. One son, Curtis Kimball of Seaside, survives him, and two sisters, Mrs. A. Megler and Mrs. Munson. Mrs. Mary Supernant, a half sister, and T. S. Jewett a half brother. The funeral will take place today at 1 o'clock in the Pioneer cemetery, and the funeral cortege will leave the Pohl undertaking parlors at eleven o'clock.

Avail yourself of the rare opportunity of free consultation with the great Pacific Coast specialists, at private office 10, Occident Hotel. Today only. Hear free lecture at Odd Fellows' Hall tonight.

118-122 Twelfth St., Astoria, Ore.

Club Cleaning and pressing parlors; suits, 50 cents. Tel. Black 2184. 72 9th.

To Norway.—P. Gimre has gone to his former home in Norway to visit a few months.

Reception.—There will be a reception this afternoon at 2:30 o'clock in the Redmen's hall for the newly elected officers of the Woman's Club.

Hotel Irving, corner Franklin avenue and Eleventh street. European plan; best rooms and board in the city at reasonable prices; free bus.

Not Found.—No trace has yet been found of the body of H. F. Bruhn who was drowned a few days ago off Fort Stevens, and hopes are faint that the body will ever be recovered.

Dies.—J. N. Jorgensen of this city died yesterday morning at his home in Alderbrook of rheumatic fever. He was aged 19 years 10 months and ten days. The funeral will be held Sunday from the residence at 1 o'clock, with the interment in Greenwood cemetery.

In Police Court.—Two men appeared before Judge Anderson yesterday afternoon one for being drunk and the other on a disorderly charge. The drunk was \$5.00, and the disorderly \$10. Neither having the required cash were given into the care of the police for a few days rest behind the bars. Five gambling complaints netted the city \$125.

Inspect Things.—Mayor Wise and the chief of police yesterday morning made a partial inspection of the property along Astor, Bond and Commercial streets for rubbish and found the places in fairly good condition. It is the intention to inspect the entire city, and all persons who have not complied with the "clean-up" order will be prosecuted to the full extent of the law.

Appropriates Water.—William Dudley of the proposed electric road between this city and Seaside yesterday filed notice in the county Clerk's office of his intention to appropriate 5500 cubic feet of water per minute from the Lewis and Clark river. According to the papers the water will be taken from the river at the junction of the south fork with the Lewis and Clark river in the northwest 1-4 section 19, of township 6 north, range 9 west. The pipe line carrying this water will be called the "Seaside" pipe line. The flume will be at least ten feet wide on the bottom and six feet deep. The course of the pipe line will be in a northwesterly direction and extend for a distance of 1 and 1/2 miles, when the water will again empty back into the Lewis and Clark river. There will be two reservoirs, one at the head of the pipe line and the other 3,000 feet up the Lewis and Clark river. What the power generated by the water thus appropriated is to be used for, is not stated in the papers.

Can Only Be Guessed.—There is abundant sorrow in the home of Fisherman Theodore Arvalo of this city, who was employed with his brother, Cyrus, by Eric Maunula, in charge of a fishing boat. The two brothers, with their boat, nets, and all equipment, disappeared on Monday last, and no word nor sign has been given of them since until yesterday when a report was received from Aberdeen announcing the discovery of a derelict fishing boat on the sea beach below that city, bearing the number of their boat, No. 0367, with all gear intact and the mast stepped, but no trace of the occupants, and the gravest conclusions are abroad as to their fate. The wife of Theodore Arvalo is almost crazed with apprehension at the terrible uncertainty of the affair and there is the bare hope still available that they have been picked up by some passing vessel and will be reported in time as safe and well, an issue that all concerned will cherish. It is somewhat remarkable that no intelligence of their absence has been put out since Monday, when the chance of sending help out to them might have been employed with some show of success.

Dr. Liebig staff, consulting free and contracting for cures of all chronic, special private diseases of eye, ear, nose, throat, blood nerves bladder kidneys. Today only at private office, Occident Hotel.

Circuit Court Session.—One week from Monday next the Hon. Circuit Court will convene in this city for the regular summer term, with a light docket, both criminal and civil, though by the hour of opening, it may be considerably heavier.

Suddenly Indisposed.—Last evening C. H. Cooper, the well known merchant, was taken suddenly, but seriously, ill, and in the absence of his family at Seaside, was taken to St. Mary's hospital for treatment. He rested easily during the night and will probably be out and around in the course of a few days.

Solid Improvements.—W. R. Hume of the Tongue Point Lumber Company, announces that his company will start this morning, by, and through, Contractors Ferguson & Houston, the construction of twelve four-room cottages, for the accommodation of the mill hands. They will be conveniently located, on the mill property, and though, in no sense, elaborate, will be well and strongly built and very comfortable.

Off for the Northshore.—The steamers Melville and Jordan of the Callender Navigation Company were required last evening to carry hence to Knappton, the friends and guests of Mrs. Charles H. Callender, who gave a reception and dance at the Callender Hall there last night, in honor of her sister, Mrs. Frances H. Brink, lately from Oakland, and formerly Miss Frances Holden of this city. The Sunday Astorian will contain an elaborate account of the pleasant function.

A Hint to the Wise.—There is reported to this office an aggravated case of depravity on the part of a certain Japanese in this city, who is a San Francisco refugee, and who brought with him here, a young Chinese girl, for lecherous purposes, and is carrying on the traffic unblushingly on Bond street, within a stone's throw of the federal building. It is a matter for police inquiry and it is hoped the official scrutiny will not be long delayed, as the boldness of the scoundrel is a subject of general comment about town, and he is entitled to the promptest and most thorough overhauling.
